

## Evergreen Fathers Giving Banquet To Sons Friday Night

The Business Men's club of the Evergreen Presbyterian church will give a father and son banquet Friday night at 7 o'clock at the church, 4000 Main street. The church is located on the corner of Main and Second streets. Preparations are being made for an attendance of 100 or more.

H. Wright, business secretary of the Y. M. C. A., who is presiding with introducing the father and son banquet idea in Memphis several years ago in connection with the Y. M. C. A. work, and later inducing the churches to give such banquets, will be the principal speaker.

M. A. Whitten, president of the Business Men's club, will preside. The banquet will be held in the church. There will be readings by John Lee and P. C. Blythe and other sons of the church, and a number of informal talks by both fathers and sons.

J. C. Bryan is chairman of the committee on arrangements and the banquet will be served by the women of the church.

## Seeks Air Pilots For Lumber Firm

John T. Whitten, of Seattle, Wash., was in Memphis Thursday to recruit airplane pilots and mechanics for a Northwestern timber and mining company, which has installed a big fleet of planes. Whitten left Thursday night for New York and other points in the East, but hopes to pay Memphis a visit on his return West, which he will make by airplane.

"We are now using planes in practically every department of our business," said Whitten. "At first we had difficulty in securing a sufficient number of pilots and mechanics. Practically all big concerns in the West have adopted the use of the airplane and the result is that there is a big shortage there of aviators. We are paying fancy salaries to all the men we can secure and I had thought I would have no difficulty in recruiting a regiment of them through the South, but I find that aviation is making rapid strides here as well as in the West and I am told by officials of the Memphis Aerial company that there are no available pilots to be secured in this part of the country."

## U. OF A. TO SELECT FOR RHODES SCHOLARSHIP

FAYETTEVILLE, Ark., March 12. (Sp.)—President J. C. Futrell of the University of Arkansas, who is chairman of the committee on the selection of Rhodes scholars for the state of Arkansas, has received notice from the Rhodes trustees that one scholar will be chosen from Arkansas in September of this year. The scholar so chosen will, however, not go into residence at Oxford until the fall of 1931. All candidates must have their applications completed and in the hands of the chairman not later than Aug. 14. The application blanks may be had from the chairman or from the bureau of education at Washington.

## Activities Among Memphis Negroes

The pastor of Collins chapel has gone on a visit to relatives, and Bishop N. C. Cleaves will fill the pulpit Sunday morning. A large crowd will greet him. Bishop Cleaves was formerly one of the ablest pastors assigned to Collins.

A directory of the business and religious activities of the negroes will soon be issued by Rev. H. E. Clemens, one of the most prominent negroes in this section. It will contain much valuable information.

Negro Baptist pastors will hold a special prayer service in the interest of the simultaneous revival at the First Baptist church, St. Paul avenue, Tuesday, March 16. Luncheon will be served the pastors at Howe institute.

The "flying squadron" of three-minute speakers will cover Tennessee next week, in the negro Baptist financial drive. Dr. A. T. Toward is director.

It looks like all of the hotel interests among negroes here will be centered in one movement and that \$100,000 will be their capitalization. A luncheon and smoker will be given at the Community center Wednesday night, March 17.

We are requested to announce a meeting of the National Association for the Advancement of Colored People, to be held Thursday evening, March 18, at Church's auditorium. An interesting program will be presented. The spring drive for membership will soon be launched. Dr. O. B. Brathwaite is president.

Dr. Sutton E. Griggs did not go to Louisiana to address the Baptist convention, and he will fill his pulpit Sunday, celebrating his seventh anniversary as pastor of the Tabernacle Baptist church.

Nothing stabilizes the life of a people more than profitable employment, and the investment of their savings in enterprises that bring adequate returns. Those who exploit the people with shrewd schemes are common enemies.

Rev. C. C. Gray and wife are in the city to take the county and state elections. Evelyn Roach is with them.

## OUCH! CORNS! LIFT CORNS OFF

Doesn't hurt a bit to lift that sore, touchy corn off with fingers.

Remove the corn. Apply a little Vaseline on that bothersome corn, instantly that corn stops hurting, then you lift it off with your fingers. No pain at all. Try it!

Why wait? Your druggist sells a tiny bottle of Vaseline for few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness at all.

## FAIR AUTOIST CALLS OUT FIRE LADDIES

### Backs Machine Into Post, Alarm Rings, Apparatus Speeds To Scene With Visions of Downtown Business Block In Flames To Find Fearful Woman

Excitement reigned Thursday afternoon when an alarm of fire was tapped out from the box alongside the store of B. Lowenstein & Bros., Inc., downtown department store, as traffic cones cleared a way on Main street.

A dainty feminine autoist, endeavoring to back her car to a place in the open, had "crayfished" too far, and backed into the iron post supporting the fire alarm box. The impact jarred the box loose, caused a circuit, and sent the alarm.

When the department arrived the woman was in tears and deeply lamenting that she had ever seen an automobile.

Her grief was so distressing that Traffic Cop Lynch merely took her name and made no arrest.

"What was her name?" Ah, ladies! If it had happened to you you wouldn't want a nasty old reporter to print it, would you?

## 17 JOBS AWAIT MEMPHIS BOYS

Any young man who has experience in office work and who is a high school graduate can secure a paying position in the army. Down at Camp Pike, Ark., there are 17 vacancies for sergeants, first-class, in the quartermaster corps to do clerical work.

These positions pay \$40 a month with board, which includes a big fleet of planes. Whitten left Thursday night for New York and other points in the East, but hopes to pay Memphis a visit on his return West, which he will make by airplane.

"We are now using planes in practically every department of our business," said Whitten. "At first we had difficulty in securing a sufficient number of pilots and mechanics. Practically all big concerns in the West have adopted the use of the airplane and the result is that there is a big shortage there of aviators. We are paying fancy salaries to all the men we can secure and I had thought I would have no difficulty in recruiting a regiment of them through the South, but I find that aviation is making rapid strides here as well as in the West and I am told by officials of the Memphis Aerial company that there are no available pilots to be secured in this part of the country."

## WILL FILE BRIEF.

The city's brief in the gas case will be filed within the next few days, according to an announcement by E. B. Kiewer, assistant city attorney. The case was argued before the state utilities commission last month on the application of the Memphis Gas and Electric company for rate increases amounting to approximately 33.1 per cent with a 50-cent service charge.

The city's brief is almost completed, Mr. Kiewer said.

## Coming events cast their shadows

Do not allow the Time to Pass with Nature Unaided

THE sculpturing of a statue is a greater thing than the unveiling of it; and so the growth of the unborn infant under its mother's influence is no less important than its entrance into the life that follows.

No woman awaiting the joy of coming motherhood should allow the days to pass without giving nature a helping hand. Mother's Friend is a veritable balm for the nerves, an intensely penetrating application that softens the muscles, relaxes nervous tension of the delicate organism involved in maternity, and prepares the way for an easier, quicker, and practical delivery.

USED BY THREE GENERATIONS

As a direct and powerful aid for the relief of the distressing phases in expectancy, and in the alleviation of the hardships that usually come with child-bearing.

## MOTHER'S FRIEND

110 SOUTH MAIN ST.

## EARLE CAPITALISTS BUY TIMBER LAND

Twenty thousand acres of fine ash and gum timber land, near Melville, La., owned by Charles Swift & Co., Chicago packers, has been sold to H. A. Morrison, banker, capitalist, and timberman, of Chicago.

T. Whittman, another capitalist of Earle, for \$400,000. The new owners expect to make 1,000,000 feet of lumber from this tract, 1,000,000 feet of which is sold to have been contracted for already.

A finer body of timber of its kind and size is not to be found anywhere. Several hundred acres are now under cultivation. An order has been placed with Memphis dealers for several large caterpillar tractors to use in logging.

The transaction was made through direct negotiations between the purchasers and the seller at Chicago. H. R. Boyd, Memphis attorney, is now at Melville, looking after the legal phases of the sale.

## MAY STOP HERE.

Lieut. Belvin W. Maynard, the "flying parson," is expected to stop in Memphis on his tour of the country in the interest of recruiting for the United States army. Lieut. Maynard is a dual Little Rock next week, and efforts are being made by the local army recruiting station to have him stop here while en route to Nashville to boost the drive for recruits which will end the last of this month.

In case Lieut. Maynard includes Memphis in his itinerary, he will devote his time while here to flying and lecturing about the air service and other departments of the army. If practicable the "flying parson" will also preach in one of the local churches.

## RHEUMATISM

The powerful, healing warmth of Hunt's Lightning Oil gives instant and positive relief from rheumatism, nerve-racking pains, headache, etc. See the bottle.

## HUNT'S LIGHTNING OIL

Weiss' Pharmacy, Main and Union.

## RINGGOLD, GEORGIA, MAN WRITES

A thankful letter about the benefits received from using Sulphur Tablets. Its effects are like grandmother's remedy of sulphur cream of tartar and molasses. But this consists of sulphur, cream of tartar and herbs, in a sugar-coated tablet, easy and pleasant to use, for bad blood, stomach, liver and bowel disorders.

Mr. John M. Plemons, Ringgold, Georgia, writes: "I had an awful bad case of stomach trouble and constipation, and had the service of a specialist with only temporary relief. I saw an advertisement of Sulphur Tablets and began using them, and in a short time noted very good results and I further used them, and at this time am perfectly well as far as I can tell. I don't recommend anything unless I receive some good results. Some friends use them and they also note good results, etc." Druggists sell Sulphur Tablets everywhere. Don't take ordinary "sulphur" tablets and be disappointed.

## CAN SAW WOOD ALL DAY NOW

Suffered So With Asthma Before He Took L-V Could Do No Work at All.

"Before my son began taking Lung-Vita, which is now L-V, he could not sleep at night nor do any work at all on account of asthma," says Mr. L. V. Andrews, Route 5, Pontotoc, Miss., in a recent letter.

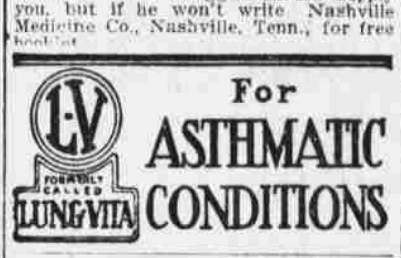

"He has taken several bottles of L-V and now can saw wood all day or walk ten miles without fatigue. He says he is feeling stronger every day since he began to take L-V. I can recommend it for asthma for it is surely a great blessing for anyone suffering from this disease."

L-V, which was formerly called Lung-Vita, is a safe, economical preparation of bark, tops, leaves and medicinal herbs for stubborn coughs, asthma, colds, whooping cough, and bronchial troubles. Your druggist should supply you, but if he won't write Nashville Medicine Co., Nashville, Tenn., for free booklet.

## For ASTHMATIC CONDITIONS

You Can Have Her Beauty

Pimples, Blackheads, Blisters and Such Local Skin Troubles Made to Disappear by the Wonderful Influence of Stuart's Calcium Wafers

## STUART'S CALCIUM WAFERS

Many foremost writers have said that to have skin health your blood must have sufficient calcium. And you can get this influence in Stuart's Calcium Wafers.

Many a girl, deprived of beauty by pimples, blackheads and a muddy, blotchy complexion, has been astonished to notice how quickly these blemishes disappear and what a wonderful improvement takes place in just a few days after using Stuart's Calcium Wafers. These wafers have a remarkable action in the bowels to sweep out certain substances that otherwise return to the blood and seek an outlet through the skin. Get a 50-cent box of Stuart's Calcium Wafers of any druggist and you will then be using the right method to obtain a lovely complexion.

## HELD ON CHARGE OF VIOLATING MANN ACT

PADUCAH, Ky., March 12. (Sp.)—On a charge of violation of the Mann act, Neil King, of Selmer, Tenn., was arrested by Deputy United States Marshal R. W. Kimball at Mayfield, Ky., yesterday and lodged in jail there. The girl's home is in Selmer. King will be brought here to face the charges. Amount of bond has not been fixed.

## MOVIE HOUSES SOLD

PADUCAH, Ky., March 12. (Sp.)—Purchase of three motion picture theaters in Western Kentucky, the Dixie and Princess of Mayfield, and the Strand Amusement company of Louisville. The purchase of the three playhouses is among the biggest business deals in West Kentucky for several months. The price paid was not announced. A new corporation capitalized at \$50,000 will conduct the theaters. It is rumored that other theaters of this section will be purchased by the company in the near future.
